American Standard
Raising The Standard

Acacia SupaSleek™ Collection.

Best of Design and Technology.

When it comes to the finer details, nothing comes close to the Acacia SupaSleek™ Collection. Every curve is thoughtfully crafted, every gear is meticulously assembled. The essential and refined geometrical shape forms the basis of this minimalistic collection. The best has just elevated for the better.

Just Got Sleeker.

Inspired by architectural slim, Acacia SupaSleek™ now boasts an ultra-sleek profile for that sleeker, modern style with zero compromises on comfort and technology. Look no further. Slim is the new now.

Thinner Than Ever.

Beneath these slim curves, Acacia SupaSleek™ Collection is designed with purposeful innovation to create highly sophisticated environments with a minimal and architectural look and feel.

CrystaSleek

Ultra-slim is not impossible. With much dedication and innovation, our CrystaSleek seat and cover made using a double injection molding process, enhances durability at the same time retaining a 30mm thin profile. What's more, it creates a slimmer optical illusion of the seat cover to complete the minimalistic look.

Thinner Tank Lid

We took it a step further and redesign a 17mm thin, sleek tank lid. All in the name of aesthetic.
